ALEXANDROS LANGIDIS

FRONT-END WEB DEVELOPER

✉ alexlag.dev@gmail.com | ☎ 6949661807 | ⚲ Athens, Greece

Profile Summary

I'm a junior front-end developer who loves creating awesome and user-friendly websites. I know my stuff when it comes to HTML, CSS, and JavaScript, and I'm all about keeping my code clean and efficient. I'm excited to learn and work with others, especially in lively team setups where I can bring my skills in responsive design, DOM manipulation, and problem-solving. I'm always looking to get better and stay updated on what's new in the web development world. My aim is to use my tech skills and passion for web development to contribute to cool projects and keep growing in my expertise.

Work Experience

Self-Employed
2022 - Present

Currently self-employed, I manage and operate my own e-commerce business, overseeing all aspects of the website. From strategic planning to day-to-day management, I ensure the smooth running of the business for optimal results.

E-Shop Manager on Mplace
Dec. 2018 - Sept. 2021

Dynamic e-commerce professional with a progressive career journey, starting as a Salesman and swiftly advancing to assume multiple roles concurrently. As a Team Manager, I led a high-performing team, exceeding sales targets and enhancing customer satisfaction. Simultaneously, in the capacity of E-commerce Manager, I optimized online operations, managed product listings, and implemented successful digital marketing strategies.

In the role of Project Manager, I showcased strong organizational and problem-solving skills, overseeing and successfully delivering various projects by ensuring seamless coordination across departments. This multifaceted experience has equipped me with a comprehensive understanding of the e-commerce landscape, from sales and team management to strategic planning and project execution. Ready to bring this diverse skill set to contribute effectively in a challenging and dynamic work environment.
